

Shuttle Rider Safety

Shuttle rider safety is our priority. Always follow these safety measures while riding the ZSFG shuttle:

- Standing is not permitted, riders may have to wait for the next shuttle
- The shuttle only stops at approved locations
- The shuttle cannot stop for additional boarding once the vehicle is in motion
- Conversation with the driver should be kept to a minimum
- No minors under the age of 18 are permitted to ride without a parent or chaperone
- No eating, drinking or smoking
- No animals may ride, except for service animals

**Join the shuttle e-mail list
to receive news and
updates, email
transportation@sfdph.org**
