Dear ZSFG Patients and Visitors

We are happy to support your visit with your loved one. To keep you, our patients and caregivers safe, the California Department of Public Health now requires all inpatient visitors to be fully vaccinated or provide a negative COVID test within 72 hours of their visit. This will start on Wednesday, August 11th at 11AM. At home COVID-19 tests are not accepted.

COVID-19 testing and vaccinations are available for free, without insurance throughout San Francisco and the Bay Area. Please see information provided below.
