### **\*IMPORTANT NOTE - PLEASE READ\***

It is recommended to lock your bicycle to the rack including both the front and back tires with the frame and to not leave on any unsecured accessories. The cages and lockers are a strong deterrent to theft/vandalism, but all preventative measures should still be taken. The hospital is not responsible for any damages or theft. Report any incident to the ZSFG Sheriff's Department at (628) 206-4911. **By signing above, I agree to this and understand the liability.**
